## ENTRY-LEVEL FRONTEND DEVELOPER

Motivated **Frontend Developer** with hands-on experience in designing and developing responsive, user-friendly web applications using **HTML5, CSS3, JavaScript (ES6+), and React (basics)**. Proficient in DOM manipulation, debugging, and UI optimization. Transitioned from a successful teaching career to IT, leveraging analytical and communication skills to create modern, efficient digital solutions. Committed to continuous learning and eager to contribute to a collaborative development team.

## CORE TECHNICAL SKILLS

**Frontend:** HTML5, CSS3, JavaScript (ES6+), Responsive Design, DOM Manipulation

**Frameworks & Libraries:** React (Basics), jQuery

**Backend & Database:** Firebase (Authentication, Hosting), SQL (Basics)

**Tools & Platforms:** Git, GitHub, VS Code, Chrome DevTools

**Additional:** REST APIs (Basics), Cross-Browser Compatibility, Agile Workflow

## INTERNSHIP EXPERIENCE

### Frontend Development Intern

Unified Mentor Pvt. Ltd. | Oct 2025 – Present

- Contributed to the development of **4 real-world frontend projects**, applying modern web technologies.
- Built responsive UI components using **HTML, CSS, JavaScript (ES6+)**, and integrated features with **Firebase** for authentication and hosting.
- Implemented interactive functionality through **DOM manipulation**, event handling, and optimized design practices.
- Debugged and enhanced performance using **Chrome DevTools**, improving page responsiveness and load speed.
- Collaborated with mentors and peers via **Git and GitHub** for version control, project updates, and deployment.

## PROJECTS

### Career Guidance Web Application | [Live Demo](#)

HTML | CSS | JavaScript | Firebase

- Built a responsive web app for students to explore engineering colleges.
- Implemented **search and filter** functionality and deployed via **Firebase Hosting**.

### Bankist App | [Live Demo](#)

HTML | CSS | JavaScript (ES6)

- Designed a dynamic banking UI with login, transaction, and loan features.

- Applied **array methods** (**map**, **filter**, **reduce**) for real-time UI updates.

### To-Do List Application | [Live Demo](#)

HTML / CSS / JavaScript

- Created task management features (add, delete, complete) using **event handling**.
- Designed mobile-friendly layouts with clean UI using **CSS animations**.

### Mini Projects: Tip Calculator | Guess My Number | Modal Window

- Developed interactive JavaScript-based mini-apps to enhance UI/UX design skills.

## WORK EXPERIENCE

---

### Assistant Teacher – Administrative & Academic Support

Private School | 2015 – 2025

- Managed **administrative documentation, scheduling, and student data records**.
- Coordinated with academic and IT staff to ensure smooth digital operations.
- Assisted in **computer lab management** and supported the integration of digital tools in teaching.
- Collaborated with the team to streamline internal communication and improve productivity.
- Developed strong organizational, problem-solving, and multitasking skills transferable to software development environments.

## EDUCATION

---

### Bachelor of Engineering – Information Science & Engineering

Secab Institute of Technology, Vijayapura | 2014

## CERTIFICATIONS & LEARNING

---

- Continuous Learning in Frontend Development (HTML, CSS, JavaScript, React, Firebase)
- Self-guided practice through project-based learning and online platforms
